

Ci forum Webinars

Ci forum webinars allow members and guests to get together in a virtual environment to learn, share and grow - by computer, tablet, smart phone or even your landline.

The next Ci forum Webinar is on 1 September 2017

Measurement System Analysis.

In this webinar we will discuss Measurement System Analysis (MSA) and if it is a tool solely for manufacturing or can (and should) it be more widely used in Service?

When is it?

Friday 1 September 2017
12:30 pm to 1:15 pm NZDST

BOOKINGS ARE ESSENTIAL!

Members and guests of Ci forum are invited to attend at no cost. Simply register at

<https://attendee.gotowebinar.com/register/4747365038692738051>

After registering, you will receive a confirmation email containing information about joining the webinar. For more information please contact John McTaggart:
